

ILLUSTRIOUS NEWSLETTER

This term

This term we are looking at new topics for Illustrious.

In **Science** they will be investigating materials and atoms

In **Maths** they will be continuing to build on their numeracy skills.

One of the biggest changes this term will be the introduction of separate DT lessons, last term they were undertaking DT at roots, but now they will have a lesson at roots, and a DT lesson. We hope that this will allow the students to improve their practical skills.

If you do have any questions or would like to talk to us about anything we can be contacted at -

Welcome Back

We hope you all had a fantastic holiday, and we start the new term ready to learn.

We have had some changes, the first of which is that Zak has moved to being a specialist in music and IT, he will be seeing the class for their lessons and will still be involved in the illustrious team.

The second big change is the class timetable, which started from the first day back. Everyone seems to be getting on with it, but if you do have any questions, we are happy to talk to you about it.

We are really looking forward to this coming term.

Important information for this term

Monday - Illustrious attend Roots, so they need to bring in warm clothing and boots if they have them.

Thursday - they will be attending the Skate park for PE, so can bring in a skateboard or scooter.
