

Newsletter: Dauntless – Summer

This term, pupils have worked positively as a team, supporting and encouraging one another both academically and socially. It has been great to see growing confidence, resilience, and a willingness to challenge themselves, alongside improved peer relationships.

In Maths, pupils have focused on graphs and tables, developing skills in interpreting and presenting data as they work towards Functional Skills Level 1. In English, the emphasis has been on improving grammar and writing accuracy, helping pupils to communicate their ideas more clearly.

In PSHE, pupils have engaged maturely with Sex and Relationships Education, contributing thoughtfully to discussions. History has seen the start of an exciting new topic on the Cold War, exploring key global events and tensions.

In Science, pupils have been learning about waves and magnets through practical activities, while in DT they have enjoyed model-making projects that encourage creativity and problem-solving. Food Technology has focused on improving recipes and building independence in the kitchen.

Pupils also demonstrated excellent teamwork during a Laser Quest strategy session. In Music, they are preparing for the May concert, and in our new Textiles lessons, pupils are creating individual projects including sewing and patchwork.

Class staff

Tutor - Jessie Smith

Teaching assistant - Aneta Clarke (Mon-Thurs) and Shelley Rumens (Fri)

Timetable

DAUNTLESS	Time	Monday	Tuesday	Wednesday	Thursday	Friday
RFL and sensory circuits	9:00 – 9:30
