

Welcome Back Warrior Class!

SEPTEMBER

2026

Who we are

We are Warrior class. We are excited to be back and begin our autumn term together.

In Warrior class we each have our own strengths, talents and challenges. Our classroom is a place where everyone is encouraged to be themselves, have a voice and feel safe and valued.

Meet the team!

Ebony

Laura

Angela

We use our combined skills to create unique learning opportunities while maintaining high standards of safety and care. Through creative lessons, bespoke adaptation and meticulous organization, we support our students to look after each other, try new things and improve their life skills.

What we're doing

This term we're going to be learning lots of amazing new things and having some great new experiences. We're continuing to build our reading and writing skills in English, advancing our numerical skills in Maths and we're starting to do some practical experiments in the science room. We're learning about local careers and beliefs in the local community, the Stone age and we're also enjoying practicing our social skills in the new school cafeteria.
