Jubilee School

Diamond Class News

Welcome back • Autumn Term 2 2026

A warm welcome to AT

Welcome back to Diamond Class! We are looking forward to a busy, exciting term of learning together. A special welcome to AT, who is joining our class. We will help you settle in, get to know everyone and feel part of the Diamond team.

What are we learning

Maths • Fun with fractions

We will explore halves, quarters and thirds, share amounts into equal groups and find fractions of numbers through practical activities.

English • The Wild Robot

We are continuing The Wild Robot, exploring the characters and their adventures, sharing our ideas and using the story to inspire our reading and writing.

Cooking • Ready steady bake

We will learn how to make cakes and practise measuring ingredients, mixing, following instructions and using equipment safely.

Our week at a glance

Monday	Cooking - developing our cake-baking skills.
Wednesday afternoon	Roots - outdoor learning. Please bring suitable footwear and warm, waterproof clothing.
Thursday afternoon	PE - climbing at Red Spider. Please bring PE kit and trainers.

Climbing will help us build confidence, balance and coordination as we keep trying, encourage each other and celebrate our progress.

Birthday stars this term

RJP and BH

Wishing you both a very happy birthday this term!

Let's keep in touch

Questions, concerns or successes to share? Please get in touch with Lottie.
